

Mine (and you could be)  
Savage Garden

Intro: Am G F G x 2

Am G  
I wait in the darkness  
F G  
frozen winds surround my face  
Am G  
in the cover of darkness  
F G  
I can make believe it's you  
Am G  
I feel you like the rain  
F G  
I feel you like a storm cloud building in my heart  
Am G  
I wonder if you know the pain  
F G  
to want the one thing that you haven't got  
(Refrão:)  
Am G  
Just a twist in time (and you could be mine)  
F G  
Just a sip of wine (and you could be mine)  
Am G F G  
Just a kiss devine...  
A hand brushes by my love  
a smile fuels a steel inferno  
You don't have to die to leave my world  
stand still and you've departed  
seems I'm not on your mind  
I'm just wasting my time  
I'm just a fool to believe  
In the death of the night  
can you feel me inside?  
I wish that you could conceive
