Save Ferris-I m Not Crying For You

Tabbed by Adam Stewart(gitarguy17@yahoo.com)

Ska/Reggae type Rhythm

Verse Progression:**D-Bm-G-A**(over and over)

When you get to the A, just hammer on and off on the B string

You can use either chords, but I think its sounds better with the ska type voicings

Chords:

**D** - xx0212 or 557775

**Bm** xx4432 or 224432

**G** xx5433 or 355433

**A** x03211 or 577655

**Em** x22100

Vs1:

**D** **Bm**

Baby listen to me

**G** **A**

I ve got something to say

**D** **Bm**

I have finally realized

**G** **A**

That I m wasting my life away

**D** **Bm**

You ve made so many promises

**F** **G**

That s all you ever do

**D** **Bm**

So know tonight I m leaving

**F** **G**

And I won t come back to you

Pre-Chorus:

**G** **Em**

Well, it doesn t really matter

**G** **Em**

What you have to say

**G** **Bm**

Cuz you know it won t bring us back

**G**

Won t bring back yesterday

Chorus:(same progression as Vs)

Cuz I m not crying for you

No, no, no  
I m not crying for you tonight  
So please listen when I say  
That there s no way that I will stay  
And know that  
I m not crying for you

Vs2:

Should ve known that  
Things would have turned out this way  
Should ve listened  
To all the things my friends would say  
How could you say you loved me?  
Well, I know that wasn t true  
You were never thinking of me  
Cuz you were too much in love with you

Pre-Chorus:

Well, it doesn t really matter  
What you have to say  
Cuz you know it won t bring us back  
Won t bring back yesterday

Chorus

Bridge:

**G** **Em**  
Making empty promises is all you do  
**G** **Em**  
You say that you will change  
**G** **Bm**  
But it s just not true  
**D** **Bm**  
So please listen when I say  
**F** **G**  
That I must find a better way  
**D** **Bm**  
There s no need for me to stay  
**F** **G**  
Here with you another day  
**D** **Bm**  
So just stop all of the lyin  
**F** **G**  
Cuz tonight I won t be cryin for you  
No, no, no

Chorus and Fade
