LYRICS

Versel:

The time has come

We re breaking in

The real world waits

To shed our skin

And our teenage crimes

We ll leave behind

Mistakes we ve made

We won t go-

Back for tomorrow when we ve got today

We re packing up our sorrow, tomorrow can wait

Say hurray, hurray! For the past we cling to

Today, today! We ve got more to sing to

I m the kid your parents told you not to become

But life s too short to live it in fear of

Chorus:

If it s for us, who can be against us?
We are the hope and the future
The promised ones with everything to prove
And with this plan written in our hands
We are the hope and the future
The promised ones with nothing else to lose

Verse 2:

This is as good as it gets, your time is of the essence
Day by day, but you re not getting younger
You re on both sides of your fate
But dear, we ll find an escape
Living fast, dying younger- you re not
Not getting younger but it s okay
So hold back your tears darling
All that can wait

Bridge:

The promised ones, we don t know what to do
(Set your mind and your heart to anything that you do,
take my hand, this is yours, and you ve got nothing to lose)
The promised ones, we don t know what to do
(Set your mind and your heart to anything that you do,
take my hand, this is yours, and you ve got nothing to lose)
The promised ones, we don t know what to do
(Set your mind and your heart to anything that you do,
take my hand, this is yours, you ve got your whole life to)

Young and we re reckless
Bored and we re selfish
Sick and tired of
Young and we re reckless
Bored and we re selfish
Sick and tired of
