

**Driving In The Dark
Saves the Day**

This is a conversion of the original... I ve also heard Chris play it this way live before.

I m writing down all the lyrics but only putting the chords in for the first verse and chorus because it just repeats after that.

A **Ama j7** **F#m**
Life leaks from you fingertips
A **Ama j7** **F#m**
onto sparkling pavement
A **Ama j7** **F#m**
havent heard the news you stumble stuttering
Bm **A** **E**
confused

Helicopters line the sky
marching men are rolling by
babies in their baskets blankly stare through space
hey hey

A
Ever since i first saw you
Ama j7 **F#m**
standing in the black frozen night
Bm **A** **E**
Ive been blind
A
but im driving in the dark towards you
Ama j7 **F#m**
not stopping till i catch the sunlight
Bm **E**
In my eyes

Sirens sing over the streets
Chimpanzees are on TV
everybody s working waiting for the week
to end

Ever since i first saw you
standing in the black frozen night
Ive been blind
but im driving in the dark towards you
not stopping till i catch the sunlight
In my eyes
and nothing s left to hide

Ever since I first saw you
standing in the black frozen night
ive been blind
im running out of time

Ever since i first saw you
standing in the black frozen night
Ive been blind
but im driving in the dark towards you
not stopping till i catch the sunlight
In my eyes
and nothings left to hide
oh ohÂ Â
