I said I d walk you home after our third round
                   C#
of pouring whiskey down the barrel of our guts
                           Bbm
and I grabbed hold of your hand.

                                                        Bbm

Keep pumping now, legs to beat the ground, and our hearts to beat the band.

The sky s on fire again.
Run down this alleyway.
                 F#
                                          C#
Lightning bolts again and we become fireflies just flashing at the air.
               Bbm
Rattle garbage cans.
                                            Bbm
                                                       F#
                          F#
Prepare to be ravaged by our lust burning mad, the fire that we ve become.

  And I know you re under me but I must confess what s in my head:
