

Ring Pop

Saves the Day

The original song is in the key of B, but I transposed it to C to make it easier to learn. This song was released as an acoustic demo in February, but the official lyric video was released today (28AUG13). It's off of their self-titled album, soon to be released. These chords are how I play the song, it's a mix of the demo and the official track.

D

Before we live forever say

A

Together we can be okay

D

If it's the last thing that we do

Bm

D

I wanna sing along with you

Bm

Don't know where to begin

Just a couple of kids

D

When we met by the bar

A

At the side of the road

Bm

It was only a dream

Saw you staring at me

D

What I said to myself

A

As I woke up to see

D

It was already late

A

Bm

Ten ten in neon green

G

And your number was on

A

D

My right hand in red ink

D

Before we live forever say

A

Together we can be okay

D

If it s the last thing that we do

Bm

D

I wanna sing along with you

Bm

Seven years will go by

In the blink of an eye

D

Suddenly here we are

A

Thinking what are the odds

Bm

Born on opposite coasts

For the two of us both

D

Knowing in twenty years

A

We would not be alone

D

Might have made us a pair

A **Bm**
Of zen like two year olds

G
With a couple of ring pops

A **D**
No need to propose

D
Before we live forever say

A
Together we can be okay

D
If it s the last thing that we do

Bm **D**
I wanna sing along with you

D
And in seventy years

A
When somehow thereâ€™s a way

Bm
To be frozen in time

A **D**
Forever we will stay

D
Before we live forever say

A
Together we can be okay

D
If it s the last thing that we do

Bm **D**
I wanna sing along with you

D
If it s the last thing that we do

Bm

D

I wanna sing along with you

A

And hear you singing too

G

This is our song

A

D

Iâ€™ll always sing for you
