

Beautiful Day
Saving Abel

This is my first tab, so let me know what you think. Its how i play and sing along to it
others that are familiar with the song like it. I love this song, and thought I d like
play it on guitar since I dont play piano.

Here are the chords, all relative to the capo. The Am7 is just adding your pinky on the
fret high e string. Adds a little something I think. Listen to the song and the
pattern and where to add the pinky is pretty easy to pick out. I also do a
little
on the high notes throughout the chords to mimic the piano in the song but that
is something
just have to listen for.
