

**C** **Em**  
But my will is true.  
**C** **Em**  
Got good intentions  
**G** **D**  
But I never follow through.  
**Em**  
I say too much,  
**G** **D**  
And don't know when to leave.  
**Em**  
In case you're looking,  
**Am** **D**  
That's my heart there on my sleeve.

**Am** **Em**  
Ego trips and stupid slip ups,  
**C**  
I'm a mess but

**C** **Em**  
This is what you get.  
**C** **Am**  
This is who I am.  
**C** **Dsus4**  
Take me now or leave me  
**Dsus2**  
Any way you can.

**C** **Em**  
Sometimes I trip and fall  
**C** **Am**  
But I know where I stand.  
**C** **Am** **Em**  
And if you're thinking about changing my direction,  
N.C.  
Don't mess with imperfection.

**Am**  
Scratched and bruised,  
**Em**  
A little used,  
**C**  
But baby I work fine.  
**Am**  
You might call me  
**Em**  
Damaged goods,  
**C**  
But I'm one of a kind.

**C** **D**  
My hair's a wreck,  
**C** **Em**

No I m not perfect

**C** **Em** (hold)

But I m not the only one.

**C** **Em**

This is what you get.

**C** **Am**

This is who I am.

**C** **Dsus4**

Take me now or leave me

**Dsus2**

Any way you can.

**C** **Em**

Sometimes I trip and fall

**C** **Am**

But I know where I stand.

**C** **Am** **Em**  
And if you re thinking about changing my direction,  
N.C.

Don t mess with imperfection.

**C** **Am**

This is who I am.

**C** **Am** **Em**  
And if you re thinking about changing my direction,  
N.C.

Don t mess with imperfection.
