

Ordinary
Saving Jane

C **G**
City lights shine down upon the place that I call home
C **G**
Surrounded by a million but I feel like I m alone
Em **Am**
And I might be a nobody to you
Em **C**
But if I m playing, would you listen?

G **C**
If you would get to know me
G
Maybe you would love me
Am
I m so ordinary

C **G**
Dragging round an old guitar that I can t even play
C **G**
I fade into your background like a piece of yesterday
Em **Am**
I might be a nobody to you
Em **C**
But somewhere they re gonna listen

G **C**
If you would get to know me
G
Maybe you would love me
Am
I m so ordinary

G **C**
And if you would let me know you
G
Maybe I would show you
Am
Wouldn t we be something?

Em **Am**
Sad the way we always seem to pass by one another
Em **Am**
Hiding, so afraid of the things we might discover
Em **Am**
Caught up in a moment that only you can live in
Em **C** **G**
You never know who s giving the air that you might breathe in
C

(Yeah, yeah)

G **C**
If you would get to know me

G
Maybe you would love me

Am
I m so ordinary

G **C**
And if you would let me know you

G
Maybe I would show you

Am
Wouldn t we be something?

G C
Else?

G C
(Yeah, yeah)
