Washington Square s right up the street.

Em F#m7
That was the place where we would meet.

Em
Outside the dog run don t be late,

G Bm
most of the time I d sit and wait

G
looking at people pass me by.

Em F#m7
A customer s bagging his supply.

Em
Just when you thought she wouldn t show

G Bm Em G
there she comes running, don t you know

Em G
Daylight s wasting

Em G
Daylight

Em G
And I can taste it

Bm (Em G x2)
as it falls from the sky

I had a band of certain fame,
the Brownstone Walk-Ups was our name.
The singer was fair but got it wrong,
he never did justice to my songs.
He did for me and that s a fact
when he went and stabbed me in the back.
So I ve gotta do now, don t you know,
what I should ve done five years ago.

Daylight s wasting
Daylight
And I can taste it
as it falls from the sky
