When I was 8 years old  
Before puberty took hold  
I thought I  
would end up beside a princess bride  
And love was indivisible  
Never mind how my taste reflects  
A disturbing Oedipus complex  
It s not awkward girl  
The compliments are coming next

**Asus2** â€" **B** â€" **F#m** â€" **F#sus2**

You re no witch, you re no wench,  
You re like Bjork with better fashion sense  
A phone, 50 cents, and I m building up my confidence  
Respect to your work, you re an artist,  
I m a silly jerk

I think that I knew we could work

**F#m** â€" **F#sus2** â€" **Asus2** - **B**

I have a total crush on you, baby  
And I can t let it go, oh no  
I have a total crush on you baby, baby!  
If only I could let you know

**C#m7** â€" **Asus2** â€" **B** â€" **F#m** â€" **F#sus2**

We spoke no joke  
I started shedding slutty girls  
Like snake skin, my collection  
Acquired through shallow misdirection  
And as I drive tonight  
West coast sky

Daring me to try  
I feel alive tonight  
Possibility, that I m your guy  
Though I suffer from dyslexia,  
Mild manorexia  
And my hair cannot commit  
To one popular genre of music  
And though they all claim,  
That a girl can t take a boy s last name  
Or end up divorced and estranged  
I m counting on you

**F#m   F#sus2   Asus2 - B**

I have a total crush on you, baby  
And I can t let it go, oh no  
I have a total crush on you baby, baby!  
If only I could

**C#m7   G# - B   Asus2   B - Asus2   B**

Your other suitors are no poets  
They re only actors who can play guitar  
Have I won your heart?  
They re not students or screenwriters  
They re only models that they taught to be  
Love would you agree?

**F#m   F#sus2   Asus2 - B**

I have a total crush on you, baby  
And I can t let it go, oh no  
I have a total crush on you baby, baby!  
If only I could

**C#m7   G# - B   Asus2   B - Asus2   B**

Quite sure you love me, Sherri  
Quite sure I love you too  
We should make a formal agreement only to kiss each other  
Cause one time, beneath the sky, outside my new york pigsty  
I saw a vision of you and I! haha!
