

**I Love You More Than I Hate My Period
Say Anything**

G#m **Ebm**
let me tell you about the love i have
B
cause it s growing by the moment
C#
and i d murder you to hold his hand
G#m **Ebm**
see i don t even know this boy
B **C#**
but i want him so bad, oh so bad
G#m **Ebm**
he s the singer of my favorite band
B
if i cornered him and locked him in a closet
C#
he would understand
G#m **Ebm**
take me away from my boring life
B **C#m**
to his promised land

CHORUS:

B **F#** **G#m**
and his song is stuck in my head
B **F#** **C#**
his song is stuck in my head
B **F#** **G#m**
as long as he s not poor or dead
C# **F#**
then i always shall remember him

G#m **Ebm**
he s not like the other guys i meet
B
i m sure he s always keen to listen
C#
and the words he sings so sweet
G#m **Ebm**
are like the bible not a fable
B **C#**
he d be willing to beat my ex-boyfriend up

if they should ever meet
G#m
and as i press repeat
Ebm

in the snow and sleet

B

i do a lap around his block

C#

and as i swoon i ll keep

G#m

my knife concealed

Ebm

til the dream is real

C#

and we share a suburban street

CHORUS:

B F# G#m

and his song is stuck in my head

B F# C#

his song is stuck in my head

B F# G#m

and i ll chain him tight to my bed

C# F#

so i always shall remember him

G#m

Ebm

lately i ve been wondering bout reverse psychology

F#

C#

and all the negative crap that it implies

G#m

Ebm

like that i want what i want when i want it

F#

Ebm

and not when it s glimmering before my eyes.

G#m

Ebm

lately i ve been wondering bout complex biology

F#

C#

like when a stork shows up on your roof

G#m

Ebm

to bring you a lovely love child

F#

Ebm

bouncing boy to spell out the truth.

Chorus

B F# G#m

his song is stuck in my head

B F# C#

his song is stuck in my head

B F# G#m

i will fill his heart and soul with lead

C# F#

so i always shall remember him

B F# G#m

his song is stuck in my head

B F# C#

his song is stuck in my head

B F# G#m

he will take my fire and burn instead

C# F#

so i always shall remember him
