

Showdown In P-Town
Say Anything

This is a pretty simple song as far as the chords go just listen to the song/the videos of Max playing it. the Nervous Energies recording i think is the most recent rendition of this song. thats why i based this on it.

He changes up the way he plays this chord progression the first time but you can play it however and it sounds fine.

C **G**
Meet me where the city turns to trees
D
and nothing comes for free
F
Lets see just how imposing you can be to me
C **G**
So far from roadblocks or homecoming games
D
You wanna drop your fucking names
F
Try to shift the blame
C
Watch me take a crowbar to your brand new car
G **Am**
Without the things your daddy bought you wont get very far
C
Without your plastic friends and your odds and ends
F **G**
Would you still be a star
C **G**
The idle rich cocooned away from earth
D
Youre cynical from birth
F
Tell me what you think your pride is worth to me
C **G**
When all that you can do is call me gay
D
Sorry I dont swing that way
F
And even if I did
C
Lets still say I take a crowbar to your brand new car
G **Am**
Without the things your daddy bought you wont get very far
C

Without your plastic friends and your odds and ends

G

Would you still be a star

C **Am**

if you think that you can take me now

C **Am**

Your only weapon is your namesake anyhow
