D **Em**
Last night I woke

A **F#**
Lost, scared and soaked in sweat

D **Em** **A** **G**
I lay in bed still falling from a rooftop

Em **G** **D** **Em** **G** **D**
I m still trying to get closer to who I am

D **Em**
Twilight descends

A **F#** **D**
Into a dark velvet painting of my life

D **Em** **A** **G**
Although there s light, redemption seems so distant

D **A** **Em** **G**
Enchant me with the courage to believe

D **A** **Em** **G**
And grant me all the wisdom that I need

Em **G** **D** **Em** **G** **D**
I m still trying to get closer to who I am

G
Who am I?

D **A** **Em** **G**
Enchant me with the courage to believe

D **A** **Em** **G**
And grant me all the wisdom that I need

D A Em G

Grant me all the wisdom that I need

D A Em G

Enchant me with the courage to be free
