SayWeCanFly
[Intro]
G A Bm G A Bm
[Verse 1]
         Α
And if you ever catch me speechless
                        \mathbf{Bm}
 It s cause I ve never felt these feelings
 You re everything I ve ever loved about this world
And so much more
[Verse 2]
                             \mathbf{Bm}
You ve got this heaven in your eyes
 It sets my everything on fire
 Cause I don t know what I did to deserve
Feeling your skin on mine
[Chorus 1]
 So here s my heart for you if you want it
 It s got a couple bruises on it
 Sometimes it breaks down
       Вm
And it doesn t work quite right
        A
But you bring it back to live
You bring it back to life
[Verse 3]
                   D
And I d believe in god if somebody could prove
 That there existed something more perfect than you
 But if this were the last time I ever felt love
I d be alright
