

Promises And Empty Words

Scars on 45

This is just a basic tab but it s as accurate as I can be bothered to make it as I have

heard it all of twice. I got the lyrics from a website so sorry if they re wrong. :)

Keep your little finger on the third fret of the top string for the notes C Am & F to

make it sound a little more decent.

Capo 4

C **Am**

Is there a reason why,

F **G**

That everyone I ve known never let me down gently?

C **Am**

Between the loss and the lies.

F **G**

I m always drowned out by silence,

Drowned out by silence.

Well every word that you lay
was selfish you lass and it hurt me from the first call
But now I know that I m saved
You can keep all your silence
Keep all your silence

F **G** **Am**

And no more waiting in a cold bed for you.

F **G** **Am**

I ll never hear another lie fall out of your mouth.

F **G** **Am**

Your promises and empty words surround you.

F

Why should I be the one,

To give this everything?

If I could open my eyes,
I d see that everything you do never catches me falling.
And with the times that we fight,
There s a home filled with silence,
Home filled with silence.

And no more waiting in a cold bed for you.
I ll never hear another lie fall out of your mouth.
Your promises and empty words surround you.
Why should I be the one,
To give this everything?

And no more waiting in a cold bed for you.
I ll never hear another lie fall out of your mouth.
Your promises and empty words surround you.
Why should I be the one?
Why should I be the one?
