Simple yet great song. I found myself wanting to play it, so I tabbed it myself.
It sounds right to me.

Play intro with VERSE ONE:

We both know you want it, come and get it,
What you waiting for?
Now youâ€™re scared of what your seeing,
Only seen it in your dreams before.
â€˜Cause when you least expect it,
It will take you, take you by surprise.
So take advantage, take it all,
Take it all before the moment dies.

CHORUS:

```
Dm F  
It goes without saying, itâ€™s already known  
Am  
Itâ€™s written all over you.  
Dm F  
It goes without saying, donâ€™t let it go  
Am G  
Just keep it inside of you.
```

Dm **F** (ring out)

It goes without saying

Play intro with VERSE TWO:

Now that you've got it in,
It's slipping through your fingertips.
You gave and let go;
Now it's missing from your life again.
So now you're tearing up the walls,
Make a mess, try to dig it up.
Well now it's all too late, you'll never find it
And the moment's dead, the moment's dead.

CHORUS

Dm **F**
It goes without saying, it's already gone.

Am
It's written all over you.

Dm **F**
It goes without saying, you let it go,

Am **G**
There's nothing inside of you.

Dm **F** (ring out)
It goes without saying...
