

Return To Oz  
Scissor Sisters

(intro) **Ebm**

**Ebm**

Once there was a man

**F#**

**C#**

**Bb**

who had a little too much time on his hands

**B**

he never stopped to think that he was getting older.

**Ebm**

When his night came to an end

**D**

**A**

He tried to grasp for his last friend and pretend

**C#**

**B**

That he could wish himself health on a four leaf clover

**D**

He said is this the return to Oz?

**G**

**Bb**

**D**

The grass is dead, the gold is brown and the sky has claws

There s a wind up man walking round and round

**G**

**Bb**

**D**

What once was Emerald City is now a crystal town

**Ebm**

Its three o clock in the morning

**F#**

**C#**

**Bb**

You get a phone call from the queen with a hundred heads

**B**

She says that they re all dead

**Ebm**

She tried the last one on

It couldn t speak, fell off

**D**

And now she just wanders the halls

**A**

**C#**

**B**

Thinking nothing, thinking nothing at all

**D**

He said is this the return to Oz?

**G**

**Bb**

**D**

The grass is dead, the gold is brown and the sky has claws

There s a wind up man walking round and round

**G**

**Bb**

**D**

What once was Emerald City is now a crystal town

(solo) **D C# C A**  
**D C# C Bb A D**

**Ebm**

The wheelies are cutting pavement

**F# C#**

and the Skeksis at the rave meant

**Bb**

to hide deep inside

**B**

their sunken faces

**Ebm**

and their wild, rolling eyes

**D**

But their callous words reveal

**A**

That they can no longer feel

**C#**

Love or sex appeal

**B**

The patchwork girl has come to cinch the deal

**D**

**G**

To return to Oz we ve fled the world

**Bb**

**D**

With smiles and clenching jaws

Please help me friend from coming down

**G**

**Bb**

**D**

I ve lost my place now and it cant be found

Is this the return to Oz?

**G**

**Bb**

**D**

The grass is dead, the gold is brown and the sky has claws

There s a wind up man walking round and round

**G**

**Bb**

**D**

What once was Emerald City is now a crystal town

( **Ebm D A C# B** ) (4x)
