True Iove is hard to find

**C#m**

When you re on the run

**E B**

While all those years go by

**C#m**

The clock is ticking way too fast

And I just ask myself

**C#m**

What is going to be last

**B**

I ve seen it all, but still

**C#m**

I ve seen nothing yet at all

**B**

So I m still looking for

**C#m**

Some diamonds and pearls

**E B**

Bye-bye, girl

**A C#m**

There s a road I gotta find

**A**

Like a good old friend
