

Hurricane 2000
Scorpions

Transcribed by Tim Kersjes (*)

This song is based on the original Rock you like a Hurricane , but it isn't the same at all, so therefore my tab.

Standard tuning (E,A,D,G)

Timing: for timing, listen very closely to the intro of the song. After a while, the bass and drums come in. This timing is repeated throughout the song. Also, the bass follows the same timing as the first guitar.
