3.

How to make you conceive

There is community in each other

Was it your father, or was it the doctor

Or the institution

4.

But if prayer wears you thin

Or the wrath of your kin

I ll take the shame away

If you'd let me stay
If you'd let us begin

Refrain: Know there is purity
bestowed on you and me
I don't believe they'd hate us
In the face of love
