$--3-----  
      G   A   Bm   D
```

Why are we overcome with fear?

**G**            **A**            **Bm**            **A**

What if I told you that fear isn't real?

**G**            **A**                            **Bm**            **A**

Why are we overcome with dead?

**G**            **A**                            **Bm**            **A**

What if I told you that my friends that your doubts you could live without?

**G**                                    **A**                                    **Bm**                                    **A**

There is a question that I want to understand

**A**                            **Bm**                                    **A**

Why can't everyone tell the truth?

**Bm**                                    **G**

And learn to love again

(**G** through out)

(Chorus)

Do you know what it feels like?

**D**                                    **A**

To be broken and used

**Bm**

Scared and confused.

**G**

Do you know what it feels like?

**D**                                    **A**

To be broken and used

**Bm**

Scared and confused

**G**

Yes I know.

One more question I know time is dead.

**Bm**

Is what the world speaks of love really real?
