[Verse 1]

G

Remember when I told you you were mine, all mine

G

I couldn't get you baby off my mind

C

It was young love, not a fling

C

Me and you we were the real thing

G

Remember when I told you we should take a drive

G

You didn't know but I had butterflies

C

Cause I knew then, leaning in

C

Baby I was never looking back again

[Pre-Chorus]

G

Every day changes but it doesn't change

G

The way you make me smile when you say my name

C

And when you laugh, it makes me laugh

C

And when you cry, it makes me cry

[Chorus]

G

Yeah like it did back then

G

When we were just beginning

C

And girl it always will

G

But I want you, I need you, still

[Verse 2]

G

And I don't care how many times that story is told

G

Cover to cover it never gets old

C

Like a fairy tale, gets better and better

G

Boy meets girl and spends forever together

[Pre-Chorus]

G

Every day changes but it doesn't change

G

The way you make me smile when you say my name

C

And when you laugh, it makes me laugh

C

And when you cry, it makes me cry
