Baby Emma - Scout Niblett

Am **C** **Bm** **E**
Do what you will supposed outsiders of my soul

Am **C** **Bm** **G**
But don t be so sure just cause you get lonely

Am **C**
That you re not me, that you re not me

Bm **E**
That you re not me, that you re not me

Am **Bm** **C** **G**
And I am not you oo oo oo , that I m not you

All of my allies and enemies
Played out, Played out eternally
For ourselves, for ourselves
For ourselves, for ourselves
For our amusement, for our amusement

And you don t say, and you don t say
And you don t say, and you don t say
No you don t say, no you don t say

Let s pulse and let s crackle eternally
Amplify our sorrow for each other to se
To remember, to remember
To remember, to remember
To remember, to remember

Baby Emma do what you will
Are they just sailors you don t even know?
I don t think so, I don t think so
I don t think so, I don t think so
I don t think so, I don t think so

And you don t say, and you don t say
And you don t say, and you don t say
No you don t say, no you don t say
