```
& finally it came around inviting us to play
There s nothing as scary as a divine plan
but I wouldn t have it any other way
The mystery is larger than you & me
& we re drunk on faded heart
but woman, I have a suspicion
you just could be my missing part
but who the hell knows which way
God will pull us tomorrow
but honey we re writing our past right now
& fear s only gonna beckon sorrow
Giddy up love whatever is for you
won t ever pass you by
You live & die in you
& I live & die in me
each day for the rest of this life
Cause I am a prince
& I am a prince
for I am my own salvation
but you re my queen
& you re my king
so live & die beside each other
Do you want to be buried with my people, dear
was the look in your eyes
```
