## Do You Wanna Be Buried With My People Scout Niblett

G#m	F#	G#m		F#
Sometimes I m tossed & driven				
G#m	F#		G#m	F#
& sometimes I don t know where to roam				
G#m	F#		G#m	F#
but I ve heard of a city called Heaven				
G#m	F#	G#:	m.	F#
& I ve started to make it my home				
G#m	F#	G#m		F#
Oh soon I ll reach the glory				
G#m	F#	G#m		F#
where mortals no longer complain				
G#m		F#	G#m	F#
& there s a	ship that s	coming to	take me	
G#m	F#	G#m		F#
& the captai	n is calling	g my name		

G#

Do you wanna be buried with my people, dear

C# G#

was the look in his eyes

G#

We can rest our bones side by side

C# G#

in the dirt of yonder high

G# C# G#

I d nearly given up dear with all my fantasies

G# C# G#

& then you come & crossed my path, & so here we be

G# G#

& how the hell did I live this long without you by my side

G# C# G#

Can I believe it s you I ve sensed & sung to all my life

G# C# G#

Arms that held me never worked before until I was held by you

G# G#

with a grip so still & charged, oh, coo coo coo

G# C# G#

```
& finally it came around inviting us to play
G#
There s nothing as scary as a divine plan
but I wouldn t have it any other way
G#
The mystery is larger than you & me
& we re drunk on faded heart
but woman, I have a suspicion
G#
                C#
                               G#
you just could be my missing part
G#
but who the hell knows which way
C#
                     G#
God will pull us tomorrow
but honey we re writing our past right now
& fear s only gonna beckon sorrow
G#
Giddy up love whatever is for you
       C#
won t ever pass you by
G#
You live & die in you
& I live & die in me
each day for the rest of this life
G#
 Cause I am a prince
G#
& I am a prince
    C#
                    G#
for I am my own salvation
but you re my queen
G#
& you re my king
           C#
so live & die beside each other
G#
Do you want to be buried with my people, dear
        C#
was the look in your eyes
G#
```

We can rest our bones side by side G# C# G# in the dirt of yonder high

G# C# G#
& it s so fun to see me being me alongside you
G#
That s how I knew the answer dear
G# C# G#

to the look I got from you
