Verse 1 No one knew your name or cared at school
Everybody knows the kids are cruel
You went from troubled teen and became a beauty queen
I got mixed up somewhere in between

Bridge Now I m losing, I m losing, my mind, yeah I m losing
My mind is missing, presumed lost
Now I m losing, I m losing, my mind, yeah I m losing
Don t want you back, no matter what

Chorus Everybody wants to know your name now baby
All I want to do is to forget (to forget)
Everybody wants to know your name now angel
All I want to do is to forget

Verse 2 You took me in and shook me up inside
You got the stuff, the stuff that drives me wild
But you wanted headlines, you wanted bright lights
I was just your cheap and easy ride

Bridge

Chorus

Outro:

She s cool, she s cruel
And that s how you fall under the spell of a goodtime girl
(You got a goodtime girl)

She s keen, she s mean, who knows where she s been?
Is this farewell to the goodtime girl?
(You want a goodtime girl)

I m losing, I m losing, my mind, yeah I m losing
My mind is missing, presumed lost

She s cool, she s cruel, and that s how you fall
Under the spell of a goodtime girl (you got a goodtime girl)

She s keen, she s mean, who knows where she s been?
Is this farewell to the goodtime girl?

All I want

She s cool, she s cruel, and that s how you fall

Under the spell of a goodtime girl (you got a goodtime girl)

She s keen, she s mean, who knows where she s been?

Is this farewell to the goodtime girl?

(You want a goodtime girl)
