On the radio, on the radio, on the radio, on the radio...

A **E**
Radio station, that s where you came from.
 F#m **D** **A**
It s the sound of the summer, and everyone is singing along.
 E **F#m** **D**
You danced to the beat of the drum.
A **E**
Memories make music, music make memories.
 F#m **D**
The moon in the sky on the hot summer nights
 A **E** **F#m** **D**
That we partied, we stayed out all night long.

A **E**
You haunt me in a pop song.
 F#m **D**
She haunts me in a pop song, on the radio.
 A **E**
Every night you ve been gone
 F#m **D**
She haunts me in a pop song, on the radio.

A **E** **F#m** **D**
Oh, No. They ve been playing our song out, everywhere I go.
A **E** **F#m** **D**
Oh, as it plays, it keeps me on hold, I m radio controlled.
A **E** **F#m** **D**
Oh. No. They ve been playing your song out, everywhere I go.
A **E** **F#m** **D**
Oh as it plays, I can see your smile like it was yesterday

On the radio, on the radio, on the radio, on the radio...

You left in the autumn, without any warning,
But the music still played through the wind and the rain.
And the summer, the summer lived on in my walkman.
I wanted to hate you, but I can t escape you.
You re in every song, you re in every song from the past.
A ghost from the radio mast.

She haunts me in a pop song.
She haunts me in a pop song, on the radio.
Every night you ve been gone
She haunts me in a pop song, on the radio.

Oh, No. They ve been playing our song out, everywhere I go.
Oh, as it plays, it keeps me on hold, I m radio controlled.
Oh. No. They ve been playing your song out, everywhere I go.
Oh as it plays, I can see your smile like it was yesterday
I m alone, I m alone, I m alone.
Wired to the radio.
I m alone, I m alone, I m alone.
But you re everywhere I go.

Every night you ve been gone
You haunt me in a pop song, on the radio.

Oh, No. They ve been playing our song out, everywhere I go.
Oh, as it plays, it keeps me on hold, I m radio controlled.
Oh. No. They ve been playing our song out, everywhere I go.
Oh as it plays, I can see your smile like it was yesterday

On the radio, on the radio, on the radio, on the radio...
