

Your Name Is Tattooed On My Heart
Screeching Weasel

--figured this out on a uke

Well i know that our love is for real

But i thought you should know How i feel

So you re not going anywhere

Won t fade away

Cause your name is tattooed On my heart

And i ll always be true

Don t forget that i don t forget you

Wherever i go what i do

And should you slip my mind

I ll have this to remind me

Your name is tattooed on my heart

And i ll always be true

Am i such a fool
