**Em** **Am**

How did you find

**Bm** **Em**

The hidden \*door behind?

**Em**

**Em**

Why don t you close your eyes

**Am**

And remember that world

**Bm**

**Em**

Of the beauty of the cupboard that s unknown

**Em** **Am**

Beyond the Heaven and beyond the Hell below

**Bm**

**Em**

I just saw a face that made me want to go

**Am**

**Em**

And I just feel that you \*feel that night

**Am**

**Em**

A gush slipping by and by I set out

**Am**

Which is my crime I wanted to die

**Bm**

I want some life \*to love

**Em**

This time we bury my Hell

**Am**

\*The clock is there outside

**Bm**

The trees spoke down to the weeds below

**Am**

Send him a message to reach across my feet

**Bm**

**Em**

Oh each other s love it fell for you and me

**Am** **Em**

I...I feel your hand in mine

**Am**

And I didn t have to come

**Em**

You just took my pride

**Am**

Away from the life

**Bm**

**Em**

When it s in love
