

Neutral Ground
Sea Wolf

couldn't figure out how to give a review to the other guy's tab so I copied his and just fixed the first chord of the chorus to be **Fm**.

E B A
[-----]
[-----]
[-9-----]
[-9---9---7--]
[-7---9---7--]
[-----7---5--]

And the second guitar plays something like this:

E B
[0-----0-----2-----2-----]
[---0---0---0---0---0---0---4---4---4---4---4---4---]
[--1---1---1---1---1---1---4---4---4---4---4---4---]
[-2---2---2---2---2---2---4---4---4---4---4---4---4---]
[-----2-----2-----]
[0-----0-----]
A
[0-----0-----]
[---2---2---2---2---2---2---]
[--2---2---2---2---2---2---]
[-2---2---2---2---2---2---2---2---]
[0-----0-----]

E
Among the trees and by the river

B
lying there, my darling shivers

A
In her sleep she dreams of winter

E
whiter than her breast.

E
I feel her heart move through her chest

B
warm and steady as she rests.

A
Hear water ebbing with her breath

E
lulling me to sleep.

E B A

E
Light from a source unseen reflected
B
by the moon on rocks collected
A
near our bodies unexpected
E
Pulls us from out dreams.

E
We turn onto our backs and see
B
a streak of light above the trees
A
and lie here on our bed of leaves
E
listening to each other breath.

B

Fm **B**
And here in the sky
 E **A**
lights flash before our eyes
 Fm **B**
I feel your warm hand
E **A**
slipping into mine
Fm **B**
and we lay and we wonder when
E **A**
will I come around?

E B A **B** **A** **E**
Do I know what you are feeling now?

E
This morning we drove out of town
B
into the hills and looking down
A
saw the ocean all around
E
as far as we could see.

E
Continued on into the clouds
B
through bursts of rain

brief and loud

A
to silent mountains

tall and proud

E
Here is where we lay.

B

Fm **B**
And here in the sky

E **A**
lights flash before our eyes

Fm **B**
I feel your warm hand

E **A**
slipping into mine

Fm **B**
and we lay and we wonder when

E **A**
Will I come around?

E B A **B** **A** **B**
Do I know what you are feeling

E **B A B** **A B** **E**
here on neutral ground?
