

Old Friend
Sea Wolf

[Verse]

Em **D** **C**
Old friend come back home
D **G** **C**
Even though you always were alone
Em **D** **C**
You had to push against the faiths
D **G** **C**
Just to make it, make it through the gate
G
But now weâ€™re getting older
D
And weâ€™re growing up
G
So now less action in the water
C
And we know enough
Em **D**
Stood upon the roof top on a night so clear
G **G**
That the lights from the city just disappeared
D
I know you

[Chorus]

Donâ€™t believe me
G **C**
When I believe in you
D **G** **C**
I know it could get much easier if you wanted to

[Instrumental]

Em **D** **C**
D **G** **C**

[Verse]

Em **D** **C**
Old friend come to me
D **G** **C**
Everything I was, I used to be

I went north, and I went East

Follow in the footsteps of Some beautiful beast
