Seabear - I Sing I Swim - putty

This is a great song and very easy to play along with, listen to the timing of the song,
once you get better try mixing it up and picking instead of strumming! Have Fun!

G **D**
When the birds are sleeping

That s when the trees sing

You left your winter clothes,

Em **C**
Watch them float down the stream

Your son, your daughter
Em **C**
Swimming in the water

And I miss you, even when you re around

Sending lightning to the ground

G **D** **Em**
So darling please, show your teeth
C **G**
Just one more dance to help me sleep

Whirl, cold water eyes

Fill the past with friendly nights

Trails lost in the snow

Make way for winter s eerie glow

In your boat, tied to a tree

I hope you ll find the sea
