Dreams
by Sebadoh, from the album Bakesale
tuning: all strings 1/2 step down (Eb Ab Db Gb Bb Eb)
chords and lyrics transcribed by John Spencer
(If anyone can hear more of what Lou is singing, please
post or mail--my lyrics are almost guesswork. The song is
basically 4 chords but I play them at different positions
to follow the strings and voice. The partial C in the
verse is my approximation to what s being played on bass
and guitar, see if it works for you.)
