I can't believe that every night you're by my side

[Refrão]

Voy a cuidarte por las noches  
Voy a amarte sin reproches  
Te voy a extrañar en la tempestad  
Y aunque existan mil razones para renunciar  
Promise I'll stay here till the morning  
And pick you up when you're falling  
When the rain gets rough, when you've had enough  
I'll just sweep you off your feet and fix you with my love

My only one (there's no one else)  
My only one (there's no one else)  
You are my only one  
It's just there's no one else, ooh, uoh  
My only one  
My only
