Long road,

Of premature decisions leaving me, cold

You know it's you, who

**B A**

Makes me wide awake

You know it's you,

**A-B-A-G**

You know it's you

This is our time to run away

**G A**

Cause all the things that I never knew that I wanted

Are here with you

This is our time to forget the past

Cause all the things that I never knew that I wanted

Are here with you

A long day
