**Secondhand Serenade**

Secondhand Serenade - You & I

Half-step down

[Intro] **E**

**E - B - F#m - A - B**

[Verse]

**E**

Iâ€™m feeling distracted

And likewise attracted

**C#m**

To all the things that you let me know

**B**

To all the things that you canâ€™t let go

**E**

Youâ€™re waiting for friction

The empty addiction

**C#m**

Is forcing me to intervene

**B**

Letâ€™s break out of this scene

[Chorus]

**E**

**B**

I know Iâ€™m not alone

**F#m**

**A B**

Iâ€™m not the only one who is broken

**E**

**B**

And I know Iâ€™ll never let you go

**C#m**

**B**

I could watch the world pass by

**A**

**C#m**

Just as long as itâ€™s you and I

**B**

**E**

You and I

[Verse]

**E**

I watch you take over

Iâ€™ll give you this offer

**C#m**

Take my hand and we will run away

**B**

Leave behind our past to stay

**E**

Decaying till itâ€™s rotten

Weâ€™ll have long forgotten

**C#m**

The memories that will haunt your heart

**B**

Letâ€™s tear this town apart

[Chorus]

**E**

**B**

I know Iâ€™m not alone

**F#m**

**A B**

Iâ€™m not the only one who is broken

**E**

**B**

And I know Iâ€™ll never let you go

**C#m**

**B**

I could watch the world pass by

**A**

**C#m**

Just as long as itâ€™s you and I

**B**

**C#m**

You and I

[Bridge]

**C#m**

**B**

We watched the world go by

**A**

(But if itâ€™s you and I)

**B**

Then we will never die

**C#m**

(No we can never die)

**B**

We watch the world go by

**A**

But if itâ€™s you and I

**B**

Then we will never die

[Chorus/Outro]
