You re half a world away
 Am
Standing next to me
 Bb
It seems that everyday
 Am **C**
I m losing you almost invisibly

Though you are near

I can t reach that far
 Bb
Across to where you are
 Am
And so you stay....

Just half a world away

Dm
And I would cross

The universe for you

What good would it do

If you weren t even there?

Till you return

Until your way is clear
 Am
I will be here.....
 F
Not half a world away

Verse 2:

Till I can find a way

To where you stay

Just half a world away
