[Verse]

B
Cellophane flowers never happened for me

B
Been sleeping the day off

B
Watching the night fall

E
Covering nowhere

E
Filling my time share

B
There s a woman in the mirror in a firey state

B
As she motions to me, I start turning away

E
She s lifting her dress up

E
Trying to keep up

B **E**
Oh, you d be surprised how we race

B **E**
While our lives erased

B
Another alone on an everyday night

B
Thinking the morning looking for alright

E
Warming the blood flow

E
With poison, I dont know why

B
Maybe the rain stops following me

B
Dripping the colors

B

Running the daylight

E

Over the cloud burst

E

Hoping they don t burst

B E

Right before my eyes, erased

B E

Our lives erased

[Chorus]

B

D

We know we re lost, we re lost, we re nowhere now

B

D

We know we re lost, we re lost, we re nowhere now

B

D

Now we know we re lost and nowhere now

A A A A
