D5

Well I can t stand to look at you now

G5 F5 G5 F5

This revelation s out of my hands

D5

Still I can t bear the thought of you now

G5 F5 G5 F5

This complication s leaving me scared

D5

Stay when you think you want me

Pray when you need advice

Hey keep your sickness off me

G5 F5 G5 F5

Trying to get through

D5

Blame all your weakness on me

Shame that I m so contrite

Hey keep your fingers off me

G5 F5 G5 F5

Why can't I get through

F5

G5

You think you have the best of intentions

F5 G5 F5 G5

I cannot shake the taste of blood in my mouth

D | --5-7-5-3-0-----|

Refrão:

D5

I keep on thinking that it s

All done and all over now

F5 G5

You keep on thinking you can save me save me

D5

My ship is sinking but it s

All good and I can go down

F5 G5

You ve got me thinking that the party s all over

D5

Well I can t stand to be with myself

G5 F5 G5 F5

This liberation s seemingly rare

D5

And I can t stand the taste of your mouth

G5 F5 G5 F5

This sublimation s out of my hands

D5

You stay cause you think you want me

Pray when you need advice

Hey keep your sickness off me

G5 F5 G5 F5

I m trying to get through

D5

Shame you could take this from me

Bane on an empty mind

Hey keep your fingers off me

G5 F5 G5 F5

why can t I get through
