Magical
Selena Gómez

This is my first tab I ve done by ear so I m open to constructive critisism. I think
is a half step down from the original so it will probably sound a little flat if you play
with the song. Listen to the song for strumming patterns. Also, I m not sure now to get
hyperlink on the chords to get the chord charts so if anyone does could you leave a
telling me. Thanks. Good luck and enjoy.
