

California
Semisonic

the basic progression is E A D. It repeats throughout the song with variations in distortion.

On the tab below, a different notation is used. The top row is the melody, the bottom is the drone note which plays along with it on the open string

A string: 9-11 11 9-11 D string: 9
E-----

D string: 11 9-11 G string: 9
A-----

G string: 11 9
D-----

If someone has a better way of notating this

title alternate California tab notation . Thanks.
