

Save Yourself
Sensfield

Hey I m pretty sure this is right

G#- G#-7 F#
Turn out the lights

F# G#- G#-7 F#
Just say goodnight To yourself

F# G#-7 G#- F#
May I remind you when you find you you re all alone is when you youve got to be strong

G#- G#-7 F#
-(no words)

G#- G#-7 F#
Cause that?s when they call you, in the night

G#- G#-7 F#
Hes got your picture in his mind

G#- 7 G#- F#
Hes got your number, on a paper, at his disposal, anytime

E G#-
Is it really true? Could you save yourself

F#
For someone who loves you for you

E G#-
So many times we just give it away

F#
To some one who someone who

G#- G#-7 F#
You met in a bar

G#- G#-7 F#
Back of a car

G#-7 G# F#
And for a moment you felt important but not in your heart

G#- G#-7 F#
My self esteem has been lowered

Go ahead and count its been lower than lowered

I know the feeling of it stealing life down from under me

I wanna learn how you save yourself

For someone who loves you for you

So many times we just give it away

To someone who couldn't even remember your name

Could you save yourself

For some one who loves you for you loves me for me

Give it away to someone who cherishes you

BRIDGE:

E G E G C# G#- C#

I wanna learn could you save yourself

For someone who loves you for you

Loves me for me give it away

To someone who cherishes you (second time end on G#-)
