

Salt And The Light
Sent By Ravens

[Verse 1]

C#m **E**
In all our graceful words
A
without love
B
they re just a burden from our tongues
C#m **E**
And the taste remains, but without faith
A **B**
we re still and arms length away
C#m **E**
But somehow we re burning brighter
A **B**
you ll never be more beautiful than today
C#m **E**
And whole-hearted we re open
A
our madness silent
B
cause we know when you come

you come in love

[Chorus]

A **B**
Cause love, love is all we need
F#m
and I came here with nothing,
E
but I left with everything
A **B**
And all the truth you bring
F#
And I came here with nothing,
E **A** **B/D#**
but I left with everything

[Verse 2]

C#m **E**
To be honest we re older
A
and life makes us stand in disbelief
B
are we who we want to be?

C#m **E**
But I've learned that it's ok

A
to be broken at your feet

B
and it's where I wanna be, where I wanna be

(Chorus)

[Bridge]

F#m A E B/D#

F#m **A** **E**
Your faith is only as strong as the words you speak

B/D#
So speak, speak, speak, speak

(Chorus)x2
