Brand New Love " Serena Ryder

D
Let's pretend that we have colds
A **Gadd2**
and lie in bed and wear our robes around the house
D
and breathe in basement books of old
A **Gadd2**
And dusty words of stories told about somewhere else

Bm
no one else can see the seams
G **D**
that sew the air into our dreams when we are young
A
because we are

Bm **Em**
I can't take your breath away
G
but I'll show you a brand new way
D **A**
with brand new love
Bm **Em**
I can't mend your wounded heart
G
but I'll give you a brand new start
D **A**
with brand new love
Bm
Ohh Ohh Oooohhh

D
let's pretend we never lie
A **Gadd2**
and tell our truths and then let's cry real tears this time
D
We'll stain our lips with the colour of wine
A **Gadd2**
And then we kiss and everything is fine again
Bm
it's cold outside but we are warm
G **D**
inside each other we are born oh Jesus Christ
A
we are

Bm **Em**
I can t take your breath away
G
but ill show you a brand new way
D **A**
with brand new love
