Butterfly
Serj Tankian

[Intro]

```
Em              G
Spare me the night
            Am
Trampled upon by submission
   Em                      G
Amassed within one s own inhibition
          Am
Where the only prohibition is love
Em            G
Spare me the night
             Am
Trampled upon by submission
   Em                      G
Amassed within one s own inhibition
           Am
Where the only prohibition is love
Em  G  Am
              Love
```

(**Em   G   Am**)

```
Em                          D
Children outcry,  grandfather sky
C                           Am
Rivers surviving through her eye
Em                          D
We certified, how you falsified
C                              Am
The beauty of a moth turned butterfly, butterfly
```

```
Em            G
Spare me the night
          Am
Trampled upon by submission
   Em                      G
Amassed within one s own inhibition
          Am
Where the only prohibition is love
```

```
G#              D#                A#              Cm
We are being sacrificed by our own suspicions
G#              D#                A#              Cm
We are being sodomized by repetitions
```

```
Em                                    D
```

```
Oceans calcified, egos gratified
      C                             Am
I won t be crucified nor terrified, i m not terrified
      Em                                      D
Before we say goodbye, no need to falsify
      C                             Am
The beauty of a moth turned butterfly, butterfly

Em                G
Spare me the night
              Am
Trampled upon by submission
    Em                        G
Amassed within one s own inhibition
            Am
Where the only prohibition is love

G#                  D#                    A#            Cm
We are being sacrificed by our own suspicions
G#                  D#                    A#            Cm
We are being sodomized by repetitions
G#                  D#                    A#            Cm
We are being sacrificed by our own suspicions
G#                  D#                    A#            Cm
We are being sodomized by repetitions

( Em   G   Em   C   D )

Em                              G
A dark gray matter of fact sky
Em                                  C            D
Nannies our nights with our half sister moon
Cm                            A#        G#
Why can t we switch automatically
      Cm     A#          G#
To eco-centric persuasions
Cm                            A#      G#
Why can t we ditch autocracy
      Cm                  A#      G#
For eco-centric persuasions now

G#                  D#                    A#            Cm
We are being sacrificed by our own suspicions
G#                  D#                    A#            Cm
We are being sodomized by repetitions
G#                  D#                    A#            Cm
We are being sacrificed by our own suspicions
G#                  D#                    A#            Cm
We are being sodomized by repetitions
