

Elect The Dead
Serj Tankian

Am **Dm** **Am**
Arms are raised above the sky
 G **F** **Am**
But all I want is me
(goes like this through the whole song)

You are there beside the night,
But all I want is me
All I want is me

Love we know
Comes from inside,
But all I want is me
All I want is me

Death we know
Comes to us alive,
But all I want is you

Death we know
Comes to all of us alive,
But all I want is you
All I need is you
All I want...
