

G **B***
The way they stop and stare, the way they turn their
A*
heads, it s enough to make him want to run away,

G **B*** **A*** **C*** **C***
But he stays, he stands his ground.

(Chorus)

G **D** **C***
And I m, I m so damn lame.
G **Em*** **C***
The way I condescend without ever knowing his name.
G **D**
He keeps it in a box, hangs it from his ear
C*
Looks at everyone without the slightest fear.
G **Em*** **C***
It s makin me so ashamed.

G **B*** **A*** (play 2 times)

G **B*** **A***
Slender body, slip through his glance.
G **B*** **A***
I don t give it a single chance.
G
The way he s rocking back and forth,
B*
makes a buzzin in my ear,
A*
Constantly reminding me that I never stop to hear
G **B*** **A*** **C*** **C***
him say hello, hello.

(Chorus 2)

G **D** **C***
And I m, I m so damn lame.
G **Em*** **C***
Like a moth bumpin off his godless flame.
G **D** **C***
I cannot condescend or even apprehend, what comes over me
G **Em*** **C***
When I see his shameless face.
Em* **DaddB** **A*** **C***
So rage, please rage, against me
Em* **DaddB** **A*** **C***
Beat me down, beat me down, forgive me,
Em* **DaddB** **A*** **C***
For what I ve done, I m so lame, I m so lame, I m so lame

Em* DaddB **A*** **C*** **Em***
So lame, so lame, so lame.
