-7--7----5--5--|  
-5--5-----|  
-----3--3--

Use regular chords for the rest of the song.

[Intro]

**G\* G7\* C\* Cm\***

**G\*** **G7\***  
Every season has a lesson to be learned.  
**C\*** **Cm\***  
When all the love is piled, pushed aside, and is burned.  
**G\*** **G7\***  
No more driving with the top pulled down or lying on the beach.  
**C\*** **Cm\***  
When your winter comes you re so out of reach.

**G** **D** **F**  
Summer is over. The leaves of fall change.  
**C**

The good people hiding themselves again.

**G** **D**  
I have been burned by the sun.

**F** **C**  
It s cold weather run.

**G\*** **G7\***  
Everybody has a friend to drive them home.

**C\*** **Cm\***  
When all the bars have closed and ice is in bloom.

**G\*** **G7\***

I could almost see her breath. When she pulled away,  
**C\*** **Cm\***  
Station wagoneseque, wood-paneling pain.

**G** **D** **F**  
Summer is over. The leaves of fall change.

**C**  
The good people hiding themselves again.

**G** **D**  
I have been burned by the sun.

**F** **C**  
It s cold weather run.

**B** **Em** **B**  
Stare at the sun as it s passing you by  
**Em** **D/F#** **G**  
And changing your life just means changing your mind.  
**Am** **D**  
Are you changing your mind?

**G** **D** **F**  
Summer is over. The leaves of fall change.

**C**  
The good people hiding themselves again.

**G** **D**  
I have been burned by the sun.

**F** **C**  
It s cold weather run. Run.

**G**  
The summer is over.

**D** **F**  
The leaves have all changed.

**C**  
The good people hiding themselves again.

**G** **D**  
And I have been burned, by the sun.

**F** **C**  
It s cold weather run.
