-----Introdução-----

2º Parte igual a 1º

The gene couldn t help me she was full of smoke
The mad man gave me a padded cell
The Physic didn t know me it was just a joke
And Budah walked me to the gates of hell
Bobby died with a needle in his arm
The politician is doing time
My best friend he found the answer Jesus Christ
And I m still hanging on the suicide line

Solo: **Em, C** (4x)
